

FUNKTION-ONE

RESOLUTION 4

This wide dispersion partner to the Resolution 5 is perfectly suited for use in medium sized applications or as a delay or infill with Resolution 5 systems. The revolutionary patented flying system is shared by all Resolution touring enclosures and makes for extremely fast and easy set up. All inter-cabinet flying hardware is built into each cabinet leaving no chains, links, pins or tools to lose. This system also enables secure ground stacked angle optimisation. This is a highly powerful and efficient mid-high enclosure which is designed to be operated as part of a four way system with F218, F121 or F221 bass. The sonic quality of the Resolution 4 is exceptional.
